### **MT BUFFALO WALKS**

#### **OVERVIEW**

Join us on an exhilarating bushwalk at Mt Buffalo. There are a range of trails, short and long walks, hard and easy grades with something to suit all requirements. Mt Buffalo is a magnificent granite plateau, well known for its adventures such as abseiling and caving but also with kilometres of excellent walking trails. There are excellent views of the Alps and the adjoining valleys and plains, while during clear weather you can see as far as Mt Kosciusko.

We have a selection of walking options that can cater for a range of fitness levels (although all full day walks require a moderate level of fitness). Some options include:

- Half day walks with lunch at the Chalet tearooms, or with a picnic at some wonderful spot with a view
- A full day walk out to Mollison's Galleries or Macs point and other interesting locations
- A full day walk up the Big Walk from the entry station to the Gorge
- A Multi day walk from the Buffalo River to the Rocky Creek Camping Ground then on to the Main plateau (Can be three days with the second night spent at the Mt Dunn camping Ground)
- Other options as you require

The Cost for a Walking Guide only for a half days walking tour is \$195 for up to three participants plus \$44 for each additional participant.
